

Skye Mountaineering Week

With Steve Banks

Overview

Skye arguably provides Britain's premier mountain range in terms of grandeur, scale and challenge. The thought of the Cuillin evokes images of precipitous, jagged peaks requiring a cool head and a sure foot. It is a 'must visit' venue for any serious mountaineer. Many people find the prospect of such exposure intimidating and would potentially miss out on an amazing mountain experience – fear not! Stev is keen to ensure your Skye experience is rewarding and exhilarating whilst helping you to build your confidence in this amazing environment.

This trip is ideally suited to those who would prefer to tackle their Skye adventure with the support of expert and knowledgeable staff. The course will be based around the needs and abilities of the clients; we have lots of exciting ideas though are more than happy to be flexible with the adventure agenda.

Cost and Dates As advertised.

The price includes staffing on a 1:4 ratio and technical mountaineering equipment such as ropes, helmets and harnesses as required.

All specialist, technical gear can be provided by Steve Banks Outdoors. You will need to bring all your own personal clothing and equipment for camping, walking, scrambling and climbing. In particular, stout mountain boots providing adequate support underfoot and to the ankle are essential. Rock shoes are needed if climbing is to be undertaken.

If you are interested in this trip please feel free to contact Steve to discuss it further. He'll be delighted to hear from you and happy to help.

Due to high staff/client ratios and the highly disruptive effect of late withdrawals, any course cancelled within 30 days of the start will incur loss of all fees. If you have any concerns regarding your ability to participate in a course on which you have enrolled you are strongly advised to take out appropriate insurance. Steve Banks is not in a position to indemnify clients against any illness, injury or other misfortune which may affect attendance.
